CHAEL HAYWOOD to

AYDIN JAMES LEE ROBINSON.

THE COURT OR-

DERS that all persons

The Sun enters Leo on Thursday this week and Friday night we immediately have a full moon (Leo solar festival). There are two full moons this month of Leo.. The econd occurs on the last day of Leo (August 22), nine hours before the Sun enters Virgo.

Both full moons under Leo would be considered Festivals of Sirius, with emphasis on the second full moon, as it occurs in the heart of the lion which is the star Regulus, the Law Giver. Regulus is the Royal Star and thus referred to a Magha, Maga or magic. Sirius flows through Leo, offering humanity love, intelligence, liberty and freedom, qualities much needed by humanity at this time of the Kali Yuga when the world is filled with darkness.

Each of the 12 Labors (zodiacal Gates and signs) of Hercules is a story about the Light, the Soul and personality. Leo is the 5th gate, sign, labor, light and task for Hercules. He is to overcome the Nemean Lion (reactive personality) destroying the lands. The people are afraid. Hercules is courageous, strong and brave -Leos qualities. There are two lions in the story. One is the kingly lion, Hercules himself (the Soul). The other is the animal lion (the roaring (uncontrolled personality) is "destroying the countryside" (one's

And so Hercules, alone and unafraid enters the world and tends to his labor. Eventually he hears the "Lion's roar in all the land, especially in the evening air". And comes upon a cave and entering it faces the fierce lion whose breath is fiery hot. Hercules grasps the lion by the throat and lifts him into the air holding him aloft 'til the lion's roars of hate

subside. Hercules overcomes the lion with great courage, strength and an act of will.

And the great Teacher, looking on, said to Hercules, "The lion is dead, Hercules, but lions and serpents must be slain again and again. You have done well. Rest now." Hercules in his task wore a lion's skin. It informed the Teachers he was ready for testing and training. Humanity must now slip on its lions' skin, gather its strength and courage, stand valiantly with resolve, pluck and willingness, and actually save the world from the "lions". For humanity's tests have already begun. ARIES: You may struggle physically,

emotionally and mentally to maintain equilibrium between desires, hopes, wishes, dreams and what is actually possible. It's good to study the subject of sacrifice (from the heart) - the 1st Law of the Soul. At the center of sacrifice is Love...a paradox. Love and sacrifice both come from the heart. We're on Earth because we each chose to be here, leaving heaven to experience earth. You may not have known this before. You have chosen the Art of the Warrior as identity. Your companion is Mars, then Mercury. Spiritual

warriors always win. TAURUS: You assess all relationships in terms of value. You must also assess what you value, whether you are of value, what value that may be, and then the values you offer others. Often you sense there is more you can offer, supply and give. Always you are to begin when giving with intentions for Goodwill which create Right Relations. You offer the goodness, kindness and stability of yourself in relationships. You know

love isn't a feeling. GEMINI: Tend to all things great and small, to all events and tasks both in between and necessary in daily life. Observe all habits, agendas, and how you serve the kingdoms around you. We evolve step-by-step, beginning with tending to our physical, then emotional, then mental bodies. Then we progress to the Soul. Each day "brood as a Soul upon the work, tasks and service for the coming day." Emotions are then calmed. And the full moon shines upon oon you. CANCER: You reassess goals and

aspirations, plans and agendas for the next two months. Interacting with nature (soil, trees, plants, air, sky, weather) is very important for your well-being. Make sure you're out and about in the sun both morning and evening. Stand in nature, the most balanced kingdom. Its radiations strengthen your heart and mind, refocus your enthusiasm ("filled with God"), allowing calmness to emerge. Where is your garden and are the devas vour companions?

LEO: Ponder upon how you want to be seen, known, admired, praised and recognized in the world. Consider your identity as one who is called to use all your talents to build the new culture and civilization. Leos are to nurture the new era at its foundational stages because Leos are leaders. Begin to share with everyone your thoughts, ideas, resources and discoveries about the future. Cultivate all creative gifts. Leo's talents must move from self to the community called humanity. VIRGO: You're coming into a new

self-identity. You keep re-identifying yourself. Your newest identity is filled

with thoughts of goodness and goodwill. It's important to tend to the home. Its value is now and in the future. A certain set of teachings holds possibilities for greater Love & Wisdom. This study allows you to enter into the life stream of humanity through understanding the mysteries. Uranus asks if you're studying astrology and the wisdom

teachings consistently? LIBRA: It's a spiritual practice, especially in Leo to realize that one is valuable. Is this consideration as one who is of value difficult for you? If so make lists of all your gifts, abilities, talents, kindnesses, good deeds, thoughts, ideas and plans and all that you give. There you discover, realize and recognize your value. Place the lists on your walls, reading them each lists on your walls, reading them each day. This knowledge of self as valuable harmonizes you. It's the beginning of your self-identity as a server of Goodwill for humanity. SCORPIO: Things, stars, people sometimes go into hiding. You understand this because hiding away for Scorpio is second nature

for Scorpio is second nature Sometimes you find someone else hiding away and make their acquaintance. There's someone in your life of great value to you. They're knowledgeable and have the skills needed for your next creative stage. They are concerned with humanity's future. Call forth all your resources using them to help others. Then you

have a reason to come out of hiding. SAGITTARIUS: Life becomes SAGITTARIUS: Life becomes subtler, slightly different, a bit inside out, upside down, too. These changes in our lives awaken many feelings. One is that of compassion. In daily life, tend to all debts and then give (tithe) to charity. Example

of giving to those in need: St. Jude's Hospital; Doctors Without Borders; the Heifer Project. These are difficult financial times for many. The spiritual law is what we give is returned ten-fold. When we give to others our life in turn is cared for. You need deep and loving care. CAPRICORN: Things seem

CAPRICORN: Things seem transformative at times, restricted other times. Then along comes joy streaming in from the garden through the back door. An interesting photography book to consider doing would be called Dinner in the Garden. Sometimes the days and evenings seem moody. And davs and evenings seem moody. And sometimes a new identity is forming with the sense of a new self. The river of life is taking you downstream into new territories, showing you new ideas for the new culture and civilization. What do you think is your part in its creation?

AQUARIUS: You see the need for nourishment of self and others. One source of nourishment is financial security in terms of home and land. Visualize a home on vast amounts of land. Include many small cottages, a barn or two, a large workspace for the arts, multiple gardens, fruit and nut trees, ponds, a communal professional kitchen, a lodge. See friends and loved ones living close by, Work daily on this through visualization. Draw and paint and talk about it. These begin to anchor your dream.

PISCES: You sense the need to be creative, to construct and build something. Returning to a previous, perhaps put-aside creative work allows you to reaffirm its importance in your life. There's a renewed fire in the mind, calling you to two things. Laughter with a sense of play, much missed in your life since childhood. And a new level of creative work reflecting art and beauty. All parts of you yearn to create a close spiritual community, offering humanity refuge. It will appear in its right timing. It will be a paradise.
